

# A Design For Life

## Bradfield, James Dean

Libraries gave us power  
Then work came and made us free  
    What price now  
For a shallow piece of dignity  
    I wish I had a bottle  
    Right here in my dirty face  
        To wear the scars  
To show from where I came  
    We don't talk about love  
    We only want to get drunk  
And we are not allowed to spend  
As we are told that this is the end  
    A design for life  
    A design for life  
    A design for life  
    A design for life  
    I wish I had a bottle  
    Right here in my pretty face  
        To wear the scars

To show from where I came  
    We don't talk about love  
    We only want to get drunk  
And we are not allowed to spend  
As we are told that this is the end  
    A design for life  
    A design for life  
    A design for life  
    A design for life  
    We don't talk about love  
    We only want to get drunk  
And we are not allowed to spend  
As we are told that this is the end  
    A design for life  
    A design for life  
    A design for life  
    A design for
