

Delilah

[Timomatic](#)

LyricsOnTopLyric Searchsong by TimomaticShe wants to make it in the city

She always coming to the show
Soon as the lights go down
She waiting for me at the door
She doesn't care that I'm taken
She likes it better this way
My money challenge has won
But my body's won the hardest day
Uuh, girl I'm faded and I can't take it
I wanna have you in the worst way lately
What am I saying? Misbehaving,
Defense is failing
I'm falling for your love, Delilah
Delilah Delilah
Girl you're killing me
Don't need it, I want it
Don't need it, I want it
Don't need it, I want it
Don't need it, I want it
I'm dying from your touch
Delilah Delilah
Delilah Delilah
But I don't wanna leave
Don't need it, I want it
Don't need it, I want it
Don't need it, I want it
Don't need it, I want it
I'm dying from your touch
I don't blame her, I don't change her
I just sit back and give her options
Shoe shopping, bag buying
Color skin seem the only problem
She just wanna know the main supplier
The shooting guard, or the man on fire
Type of nigga with the money bag
and a little swag if you plan on trying
Keep it low, keep it quiet
Shh, phone ring and she on silent
Love my girl even more than asked

And she send me home at a decent hour
Ain't no fun, if it ain't no balance
No, ain't no chase if it ain't no challenge
No, juggle balls as like a circus echo I'm falling for your love, Delilah

Delilah Delilah

Girl you're killing me
Don't need it, I want it
Don't need it, I want it
Don't need it, I want it
Don't need it, I want it
I'm dying from your touch

Delilah Delilah

Delilah Delilah

But I don't wanna leave
Don't need it, I want it
Don't need it, I want it
Don't need it, I want it
Don't need it, I want it
I'm dying from your touch Uuh, girl I'm faded and I can't take it

I wanna have you in the worst way lately

What am I saying? Misbehaving,

Defense is failing I'm falling for your love, Delilah

Delilah Delilah

Girl you're killing me
Don't need it, I want it
Don't need it, I want it
Don't need it, I want it
Don't need it, I want it
I'm dying from your touch

Delilah Delilah

Delilah Delilah

But I don't wanna leave
Don't need it, I want it
Don't need it, I want it
Don't need it, I want it
Don't need it, I want it
I'm falling for your love.
