

no endz no skinz

Big L

Let me get to the point real quick
When ya pockets are thick, mad chicks be on a brother tip
When ya sportin' jewels and drivin' in a groovy car
All the hos go sweat you like a movie star
To get in ya pockets, that's what the girls wanna do
But if you not rich, then 'em chicks gonna front on you No matter how strong your rap
You only knock boots when you got loot in you on the map
'Cause if you broke, you'll get a wack slut
If you got dough, you get a ho with a fat butt
With fresh gear, long hair and a cute face
And if ya live alone, she's gonna pack her suit case and move in Then ya start loosin' all ya bucks
Soon your brother's a joke, a not, a rut
Then she takes off and brakes off, ya hos gone, so long dear
I'm outta here a good relationship's been torn
'Cause when you on top, every thing's okay
But when you broke you gets no play If you don't got endz, you won't be gettin' no skinz
And if you don't got money, you won't skoop a honey
If you don't got cash, you won't be gettin' no ass
And if you don't got loot, you won't be knockin' no boots Girls of the 90's ain't nothin' but crooks
It's all about what's in ya pockets not how ya look
That's why you can't talk to just any whore
Leavin' brothers for the next man 'cause he got a penny more
They want a drug dealer not a scholar
Some girls barely speak but always askin' for a dollar And if you pushin' a fresh Benz, they'll be ya best friends
Yeah, as long as you collect endz, you think she's all yours
But as soon as your dough go, your ho go, now you solo
But when you was makin' papers sucker jumped hoes
You bought dumb clothes for all of them bum hos And you was takin' 'em to the movies every weekend
Now that you dead broke the girls not speakin'
'Cause nowadays girls want you to crook
The only thing they can get from Big L is a big
'Cause when you on top every thing's okay
But when you broke, you gets no play If you don't got endz, you won't be gettin' no skinz
And if you don't got money, you won't skoop a honey
If you don't got cash, you won't be gettin' no ass
And if you don't got loot, you won't be knockin' no boots If you don't got endz, you won't be gettin' no skinz
And if you don't got money, you won't skoop a honey
If you don't got cash, you won't be gettin' no ass
And if you don't got loot, you won't be knockin' no boots I tell it like it is 'cause I'm a goldfigga

And I hate a money hungry girl A K A golddigger, it ain't even funny
Some girls don't even know me askin' me, can they get some money
I'm lookin' nothin' like ya poppa
I wouldn't give a chick 10 cent to put cheese on a whopper They wanna know why I'm so fly
A girl ask me for a ring and I put one around her whole eye
Chicks used to diss but now they wanna kiss
Yo Showbiz, I'ma break it down like this If you don't got endz, you won't be gettin' no skinz
And if you don't got money, you won't skoop a honey
If you don't got cash, you won't be gettin' no ass
And if you don't got loot, you won't be knockin' no boots If you don't got endz, you won't be gettin' no skinz
And if you don't got money, you won't skoop a honey
If you don't got cash, you won't be gettin' no ass
And if you don't got loot, you won't be knockin' no boots It's like that, y'all and that's a fact, y'all
I hit hoes from the back and don't give a jack, y'all
It's Big L, y'all, I'm livin' swell, y'all
I do my thing, that spell my name, ring bells, y'all (If you don't got endz)
Girls be frontin'
(If you don't got endz)
They ain't givin' up nothin' (If you don't got endz)
All the girls ignore you
(If you don't got endz)
They act like they never saw you
(If you don't got endz)
