

Black Snake

Atomic Rooster

Black snake living in a black hole, hiding from the sun.
Black snake living in a black hole 'till the game is won.
Black snake living in a black hole, hiding from the sun.
Black evil hides in the darkness when the night is come.
Black evil hides in the darkness when the night is come. Black snake, black snake, black snake, black
snake. Black snake living in a black hole, waiting for the man.
Black snake living in a black hole, doing what he can.
Black snake living in a black hole, hiding for the sun.
Black evil hides in the darkness when the night is come.
Black evil hides in the darkness when the night is come. Tell me sister, tell me child,
What's in the dark black makes you feel so wild?
Tell me brother, tell me child,
What's in the dark black makes you feel so wild? Black snake, black snake, black snake, black snake. Black
snake living in a dark hole, hiding from the sun.
Black snake living in a dark hole 'till the game is won.
Black snake living in a black hole, hiding from the sun.
Black evil hides in the darkness when the night is come.
Black evil hides in the darkness when the night is come. Tell me sister, tell me child,
What's in the dark black makes you feel so wild?
Tell me brother, tell me child,
What's in the dark black makes you feel so wild? Black snake, black snake, black snake, black snake.
