

My Lover, My Friend, My Wife

Scott Dawson

Woman every night I pray for another day with you
Woman you deliver me set my spirit free oh you do
And when the world is cold you warm my soul
One minute in your arms I lose control

Woman you're my dream come true how I cherish you oh I do
Woman you joined hands with me for eternity I love you
Forever we will be each other's stone
So when we're far apart we're not alone

My lover my friend and my wife
I've searched for you all of my life
I'll always be here by your side
My lover my friend and my wife
