One Kiss Led to Another

The Coasters

My girlfriend was
Babysitting down the street
So I bought some soda pop
And sandwich meatShe laid it on the table
And I took a seat
But I never got the
Chance to drink or eat[Chorus]
Cause one kiss led to another
And another and another
One kiss led to another
And another and anotherThe lights were low
When she turned on the radio
I could hear the music
Playing soft and lowI said, we better dance
Before I flip my lid
We both got up to dance
But we never did[Chorus]I thought the night was young
Until I saw the clock
The clock was striking midnight
It was quite a shockI started for the door
But she grabbed my sleeve
She put her arms around me
Man, I couldn't leave[Chorus]One kiss led to another
And another and another
And another and another
And another and another
And another and another
