

# Comin' Down da Street

Unk

[Chorus x2: Loko]

I'm comin down the street, beatin on these hoes  
Switchin lane to lane Chevy sittin on 24's  
Got TV's everywhurr, that purp' is in the urr  
Plus I'm ridin dirty so you know that I don't curr[Unk:]  
Ay, I'm comin down the street, rollin and smokin 'dro  
St. Louis and Mosley Park, big bodies and bike shows  
But dey can't fuck with mine, candy coated apple red  
Touch a button screens spill there's Paris Hilton givin head  
Hey, while I was gettin some head, I like to swerve to the curb  
At my back boys in the blue, say they protect and they serve  
Watchin me swerve on this purp', I put two shots in the air  
Big ol' spray, fresh fruit, no kush nowhere  
I got them big boy rims on the big boy whip  
I rock them big boy chains stackin big boy chips  
Fo'-fifty rocket unlock it, my bass stay punchin like Rocky  
Hit hit, hit it then I'm gone, beat'n down yo block you can't stop me[Chorus][Loko:]  
I'm beat'n down yo' block, comin with tremendous knock  
See me I'm fly on 26's systems, bitches keep spinnin when I stop  
Yup, I got that drop, but jackers got that glock  
Come through when you see Big Oomp cause you know I gotta get that guac'  
I'm Simpson Road in a Simpson Road Chevy  
Sprayed Simpson Road green just like the street sign do you feel me  
Fo'-fifty-fo' motor under the hood so you know I'm runnin  
Got the traction when I'm mashin, wheels smokin, rubber burnin  
You don't wanna race, my nigga don't you try  
Blowin pipes oh so loud but my engine oh so quiet  
You know I'm in a big boy kit with that flip-flop chameleon  
Diamonds and the sun shinin got my Caddy back glistenin[Chorus][Unk:]  
Nope!
