

Losing It

Summer Camp

Yeah, I wanna fix all my mistakes
Yeah, I didn't expect to fall in love
So drop dead
Love, so drop dead
Yeah, you know I've seen it all before
Yeah, this sound really sucks for sure
So go back
Sure, so go back
Haven't you ever wanted to disappear?
To disappear
I thought maybe you could help me
To disappear
Let's be honest
Just be honest
Can you be honest?
Yeah, you couldn't turn back the clock
Yeah, nothing will ever hurt as much
I'm falling
As much, and I'm falling
Yeah, this is all a big mistake
Yeah, will you still want me when I leave?
It's over
I leave, it's over
Haven't you ever wanted to disappear?
To disappear
I thought maybe you could help me
To disappear
Let's be honest
Just be honest
Can you be honest?
Back
How far do you go back?
How far do you go back?
