in my hands

Miss Alaska

In My Hands
In My Hands
I'm on top of the world
But the girls just like you
Just don't get it
That tonight's about us
About love
About lust
And I promise
That I'll never forget it
And the way
That you move
With your hands
Are so smooth
That we touch
And we brush
And I blush
And
The smile
That I wear
Ain't going nowhere
Cos my heart at the seams
It's a bustin
But you know
I don't think we're going
Anywhere at all
You think that I'm crazy
I think you're insane
So place your hand in mine
And whisper my name
Oh darling fix me
Now lets run away
And place your hand in mine
I need you to stay
I need you to stay
In My Hands
In My Hands
My beginning's
My heaven

The thought of it's making me sweeter
But if I hold the sleeve to the bone
to my teeth
Then I guess I'll make you a believer
And the way
That you move
With your hands
Are so smooth
That we touch
And we brush
And I blush

And
The smile
That I wear
It aint going nowhere
Cos my heart at the seams
And my hearts at the seams
And my hearts at the seams
Its a bustin (bustin)
Ooh
You think that I'm crazy
I think you're insane
So place your hand in mine
And whisper my name
Oh darling fix me
Now lets run away
And place your hand in mine
I need you to stay
I need you to stay
These hips aint
Going nowhere
So real
And the wheel
To hinder
The slow process
Let's face the sex appeal
In My Hands
In My Hands
I'm on top of the world
But the girls just like you
Just don't get it
That tonight's about us
About love
About lust

And I promise
That I'll never forget it
And you think that I'm crazy
I think you're insane
So place your hand in mine
And whisper my name
Oh darling fix me
Now lets run away
And place your hand in mine
I need you to stay
I need you to stay
I need you to stay
I need you to stay
I need you to stay
(I need you to stay)
(I need you to stay)
