Dance With Me

Aaron Carter

i know you wanna dance with a star
flo-rida.. aaron carter baby
hey!!!
i know you wanna wanna dance with a star
turn the lights down baby yeah we going hard
party all night lil mama, thats my job
steal the show girl like somebody got robbed
you do your thing, im the life of the club
watching my swing, are you down to adjust
swerve in my lane girl i wont make it tough
i like your friend let me show you whats up
hey!!!
hold on the function get liver
you ready for the heat, im bringing that fire
move to the beat, get down with flo-rida
you could join in cause the shine is much brighter
turn the lights down
nice and low
everybody movin'
tonight on the floor
let's party right now
i'll let ya' know
you got my body burnin' baby outta control
i could be your favorite
tell me what's your sign girl
perfect picture painted
number one on mine girl
you got me oh oh oh oh oh
i like the way you do your thing, baby
u like my swing
and i know u wanna dance with me
they'll remember who you are

'cause you're dancing with a star
and i know you wanna dance with me
'cause you're dancing with a star
promise i could take you higher
'cause you're dancing with a star
we're gon' set this night on fire

break it down etc...
you got me heated
when we're dancin' close
girl, i know it sounds conceited
i'm the one you need most
i know you need it need it
show them who we are
everybody's watching like we're superstars
i like your flava
do you like mine girl
i'm intoxicated
without the wine girl
you got me oh oh oh oh oh
i like the way you do your thing, baby
u like my swing
and i know u wanna dance with me
they'll remember who you are
'cause you're dancing with a star
and i know you wanna dance with me
'cause you're dancing with a star
promise i could take you higher
'cause you're dancing with a star
we're gon' set this night on fire
ready for the heat i'm bringin' that fire
