

What I Am

The O'Reillys and the Paddyhats

Chorus

There's just one word afloat in my mind
Drownin' in whiskey trying to hide
So I see all the days go by
I am what I am
Just a coward's soul inside of me
I am what I am

Verse

Walkin' down the streets this pretty lady passes me by
I wanna talk to her but I, I don't even try
Down at the bar, I tell my lads I that fucked her right
They all cheer for me, but that's just a flickering lie

Chorus

There's just one word afloat in my mind
Drownin' in whiskey trying to hide
So I see all the days go by
I am what I am
Just a coward's soul inside of me
I am what I am

Chorus 2X

So I see all the days go by
I am what I am
Just a coward's soul inside of me
I am what I am
