

Give It Up

Amos Lee

I've been waitin' a long time
I was hopin' I might find
Ah, the right kind of love for me, yeah Well, you know I've been a lonesome
God knows we all been lonesome
As people think being lonesome
Really means being free, yeah But, I would give it all up for you
Yes, I would give it all up for you
Yes, I would give it up, settle down
Stop looking around, I finally found something true We live in a world full of confusion
A culture based in illusion
Ah, some people think it's amusin'
But it's really just fantasy I would give it all up for you
Yes, I would give it all up for you
Yes, I would give it up, settle down
Stop looking around, I finally found, ah, yeah I, I would give it all
I would give it all up for you now baby
I would give it up, I would give it up
It would give it all up for you now baby I would give it up, I would give it up
It would give it all up for you now baby
I would give it up, I would give it up
It would give it all up for you now baby
