

A Family Affair

Television Personalities

Mrs. Brown is sad
Her husband, Jack, has just passed away
Mrs. Davies cries
The welfare have taken her children today Jenny's so upset
She's just received the results of her test
It proved positive
And the father has loved her and left her But why should I care?
It's just a family affair I telephoned God today
But all I got was
The answering machine
Please help me
