

# After Party

## Adore Delano

It's 2 AM, your fingertips are running down my skin  
Today I'm going to let the devil in  
Cause even angels got a favorite sin-in-in Like what you say-ay-ay  
Push up on me-e-e-e  
Come out and play-ay-ay  
Come out and play-ay-ay  
Like what you say-ay-ay  
Push up on me-e-e-e  
Come out and play-ay-ay  
Come out and play-ay-ay It's my party and I'll fuck who I want  
Just you and me at my after party, after party  
We'll never sleep at my after party  
It's my party and I'll fuck who I want  
After party, after party, a-a-after party  
It's my party and I'll fuck who I want  
After party, after party, a-a-after party Pull my hair, I'll tie your arms around my favorite chair  
I'll kiss your neck and then I'll kiss you there  
I'll be your filthy after dark affair-air-air Like what you say-ay-ay  
Push up on me-e-e-e  
Come out and play-ay-ay  
Come out and play-ay-ay  
Like what you say-ay-ay  
Push up on me-e-e-e  
Come out and play-ay-ay  
Come out and play-ay-ay It's my party and I'll fuck who I want  
Just you and me at my after party, after party  
We'll never sleep at my after party  
It's my party and I'll fuck who I want  
After party, after party, a-a-after party  
It's my party and I'll fuck who I want  
After party, after party, a-a-after party It's my party and I'll fuck who I want  
Fuck who I want, fuck who I want, fuck who I want  
It's my party and I'll fuck who I want  
Fuck who I want, fuck who I want, fuck who I want  
It's my party and I'll fuck who I want  
Fuck who I want, fuck who I want, fuck who I want  
It's my party and I'll fuck who I want  
It's my party and I'll fuck who I want  
Just you and me at my after party, after party  
We'll never sleep at my after party

It's my party and I'll fuck who I want  
After party, after party, a-a-after party  
It's my party and I'll fuck who I want  
After party, after party, a-a-after party It's my party and I'll fuck who I want  
Want, want, want, want, want, want  
It's my party and I'll fuck who I want  
Fuck who I want, fuck who I want, fuck who I want  
It's my party and I'll fuck who I want
