I Believe

Savatage

Beyond the skies, rising so high
Set a course for the unknown
But I believe there's life out there
Somehow we'll find itCountdown begins, our ship soon will launch
On it's perilous flight to the stars
A civilized race, on some distant world
We'll find you wherever they areI believe we'll find a new world
Can't you see, we cannot return?Systems are go as we leave behind
A planet that's doomed to end
Nuclear wars, the polluted seas
Doomsday begins it's descentWhere do we go?
What'll we find?
Is there life other than mine?
I believeFor 2000 years, we sought and we searched
The galaxy's black holes in space
Then on the day of 3013 we came upon a race
I believe we can survive on this sphere
Plotting a course to enter a stratosphereWe're finally here, can we survive?
A cryosphere, I hope there's life
I believeWe land our ship on a green barren plain
Once outside from a box the voice came
Welcome to Earth, may we ask who you are?
Our race is called Man, the planet is doomed
Doomed, doomed, doomed, doomedPlanet is doomed
Hands off the moon
Forget the tuneHands at the moon
Strike at the two
Forget the blue
