

Here With Me

Eilen Jewell

If you were here with me
You would love the stars I see
 Ancient city in the sky
You would love the way they shineI know just how you'd be looking at me
 With that smile that says why be melancholy
 If you were here with me
If you were here with meIf you were here with me
 You would tell me patiently
 Not to miss you so much
 Or your sweet gentle touch
I know you would want for me
All the happiness you would bring
 If you were here with me
 If you were here with me
