

Release the Gimp

Cattle Decapitation

Horribly disfigured sadomasochistic retard
Bloody, horny, and strapped in
Wrapped in fetish gear of cowskin
Unwanted humans food for carnivorous gimp
Rotted remnants and leftovers
Victim now a bloated flesh blimp
Blackened and purple from decay
Fetishistic sex acts with the dead
Dying from shock and being chained to the rot
Kicking and screaming and slipping in slop
Humanity is the stench that fills your nostrils
Release the gimp
