I Will Not Be Afraid

Batdorf & McLean

Because it?s you
Because it?s true
Because you?re far too good to lose
Because you?re here
Because it?s clear
Because your love?s been drowning the fear

I will not be afraid
I will not run away
I will not leave too soon,
and then wish I?d stayed
I will not be afraid
I will not be afraid.

Because I?ve lost
Because it cost
Because my heart?s been double crossed
Because I thirst
to quench the hurt
Because not trying is always worse

I will not be afraid
I will not run away
I?ll work the double shifts
?till the piper?s paid
I will not be afraid
I will not be afraid

For so long I chose to be
A prisoner of fear
I prolonged the slavery
For too many years (too many years)
For too many years

I will not be afraid
I will not run away
I?ll let those memories of failure fade
The hand that I?ve been delt
I?m gonna? play
I?ll keep the things I?ve learned

and I will not trade

I will not be afraid
I will not run away
I?ll grow a little stronger every day
I?ll face the music proudly
that I have made
And if you knew me then
You?ll know I?ve changed today
I will not be afraid
I will not be afraid
I will not be afraid
I will not be afraid
I will not be afraid
