HIM- AgainI've seen  
I see you've turned your back on love again  
and I feel  
and I feel your stumbling down that road againAnd I feel  
despair kissing our lips again  
and I feel  
despair holding our hearts again, yeah  
will you see  
Me crying behind your back again  
and you hear  
My heart beat slowly down againand I feel  
despair kissing our lips again  
and I feel  
despair holding our hearts again  
I feel  
despair kissing our lips again  
and I feel  
despair holding our hearts again, yeah  
oh baby yes I feel  
despair kissing our lips again  
and I feel  
despair holding our hearts again  
and I feel  
despair kissing our lips again  
and I feel  
despair holding our hearts again, yeahdespair holding our hearts again, oho  
that's right  
yeah
