

# Spoke In Tongues

[Chantal Kreviazuk](#)

I don't mean to get into your dreams  
But you seem to think it's alright to destroy  
You became such an opportunist somewhat dim  
It's a bad combination  
You can't ever erase that you were not  
Popular in school  
Can't erase you were poor and a no one  
You can't ever erase who you were no matter what you become  
I know where you're from  
And that you spoke in tongues  
I know you're really just hurt and afraid

But you pretend that nothing gets to you  
I'm not the kind to dance on a grave  
But you're the one who bought me these dancing shoes  
You can't ever erase that you were not  
Popular in school  
Can't erase you were poor and a no one  
You can't ever erase who you were no matter what you become  
I know where you're from  
I can still remeber the day  
When we first met and I saw myself in you  
I don't mean to rain on your parade but the sky's getting dark  
And there's nothing that you can do
