Ming Tran

[Gob](#)

Flat on my face I see what it takes
To cut through the bullshit to cut, to the chase
And when I get up I won't forget
The place that you left me, the place that you left
Better run away, run away
'Cause you know I can't wait for the next time
You'd better run away, run away
For nothing's gonna save you the next time
And when I catch up it will be great
I'll set a trap for you, I just can't wait
One of these days, one of these days
My friend Ming Tran'll kick you right in the face
Better run away, run away
'Cause you know I can't wait for the next time
You'd better run away, run away
For nothing's gonna save you the next time

Better run away, run away
'Cause you know I can't wait for the next time
You'd better run away, run away
For nothing's gonna save you the next time
One of these days I'll get my revenge
My friend Ming Tran'll kick you right in the face
Better run away, run away
'Cause you know I can't wait for the next time
You'd better run away, run away
For nothing's gonna save you the next time
You better run away, run away
'Cause you know I can't wait for the next time
You'd better run away, run away
For nothing's gonna save you the next time
