

# We're Going Out Tonight

## Frenzal Rhomb

Advisory - the following lyrics contain explicit language:

Twenty past four and we're feeling kind of bored  
'Cause there's nothing to record and we're poor  
There's nothing on TV, how can that be?  
Not even bullshit I don't want to see Spent all day in bed, throbbin' in my head  
My legs are made of lead, feelin' dead  
There must be somethin' to do to lose this mood  
I looked in the kitchen, there's not any food Somethin' must be done, I'm craving some fun Put on my favorite  
band, yeah, we need to make a plan  
Well, I really hope we can  
'Cause the situation can't be much worse today  
Nothing's okay and if I worked I probably wouldn't get paid We start to fight  
Then we decided that We're going out tonight  
Yeah, we're going out tonight  
We're going out tonight Walk to the shop, CDs I can hock and that get suck  
'Cause they never give you much but I don't give a damn  
We're sticking to the plan  
We need to buy some beer now The hour is getting near to the time  
That we know  
We've really got to go  
We're sitting in the park and it's getting pretty dark We have a sup  
Now things are lookin' up We're going out tonight  
Yeah, we're going out tonight  
We're going out tonight  
1, 2, 3, 4 Now the time has come, yeah, we're gonna have some fun  
Now it's understood the night is looking good  
Let's go out and find someone to shout  
We'll get to the pub and there's goin' to be no doubt that There'll be some trouble there, broken glasses and  
stupid hair  
We'll be without a care all night 'Cause we're going out tonight  
Yeah, we're going out tonight  
We're going out tonight We're going out tonight  
Yeah, we're going out tonight

We're going out tonight
