

Bust Your Windows

Glee Cast

I bust the windows out your car
And no, it didn't mend my broken heart
I'll probably always have these ugly scars

But right now I don't care about that part I bust the windows out your car

After I saw you looking right at her

I didn't wanna, but I took my turn

I'm glad I did it, 'cause you had to learn I must admit it helped a little bit

To think of how you felt when you saw it

I didn't know that I had that much strength

But I'm glad you see what happens when You see you can't just play with people's feelings

Tell them you love them and don't mean it

You'll probably say that it was juvenile

But I think that I deserve to smile Ha ha ha ha, I bust the windows out your car

You know I did it, cause I left my mark

Wrote my initials with the crowbar

And then I drove off into the a dark I bust the windows out your car

Hey, you should be lucky that that's all I did

After five whole years of this bullsh**

Gave you all of me, and you played with it I must admit it helped a little bit

To think of how you felt when you saw it

I didn't know that I had that much strength

But I'm glad you see what happens when You see you can't just play with people's feelings

Tell them you love them and don't mean it

You'll probably say that it was juvenile

But I think that I deserve to smile Bust windows out your car

But it don't compare to my broken heart

You can never feel how I felt that day

Until that happens, baby you don't know pain, no You should know it

I ain't sorry, you deserved it

After what you did to me, you deserved it

I ain't sorry, no, no, no You caused me pain

Even though what you did to me was much worse

I had to do something to make it hurt, yeah Oh, but why am I still crying?

Why am I the one who is still crying?

Oh, oh, you really hurt me, baby

You really, you really hurt me, babe Hey, hey, hey, hey, hey, hey

Now watch me, you

Now watch me

I bust the windows out your car
