Keystone

Nightstalker

I know, itâ€™s only rock â€˜n roll
Everything I need
And when they treat me like a dog
I give love for free
I sold my soul for the dollar
And my head got fire
Iâ€™m gonna get where I can get
And then I get some higher

I got this crazy little thought
For everything Iâ€™ve done
Iâ€™ve got to be one step ahead of me
Iâ€™m always on the run
I know this sweet illusion
When I check in your mind
I see the look in your eyes baby
When Iâ€™m grooving around

Coming out of the black hole
Iâ€™m not the same man anymore
Show me how to love
Iâ€™m not the same man
