

# Valentine's Girl

## Mindless Behavior

Ayo roc

Tell her how you feel man Look, aye girl

Every time I see you I lose my mind

It's why I behave mindless all the time

Yeah you fine, girl you're mine, right?

thoughts of you, and how you do it

Keep me up at night

Where you stay, what's your favorite food

What do you like to do girl,

I wanna get to know you

Somehow, someway, sometime, someday

Matter fact, let's start today Doesn't even notice me

But I knew deep down in my heart

This is where she's supposed to be

And I swear that I won't stop

Until I make her see

That I'm hers for sure

I'm gonna let her know

This is what I'm gonna do I got a box full of chocolates for you girl

For you girl, for you

I got some roses and a love letter

That says I adore you

And it says:

Will you be my valentine's girl?

Valentine's girl

Will you be? I just wanna know you

If only you could see things like I do

Cause you stay in my dreams

I always think about you

And I'ma be yours for sure

I had to let you know

This is what I got for you I got a box full of chocolates for you girl

For you girl, for you

I got some roses and a love letter

That says I adore you

And it says:

Will you be my valentine's girl?

Valentine's girl

Will you be? I ain't tryin' to act like I'm ready for a relationship

But you should be my vday  
One girl is all I need  
And nothing more  
And I'm talking to you  
So what'cha waiting for?  
Come here  
Somethin' was happenings  
Lets get this cracking  
Wanna make you smile  
I love it when I see you laughing  
We could have good times  
Lets subtract all the haters  
Add me, your v guy I got a box full of chocolates for you girl  
For you girl, for you  
I got some roses and a love letter  
That says I adore you  
And it says:  
Will you be my valentine's girl?  
Valentine's girl  
Will you be? I got a box full of chocolates for you girl  
For you girl, for you  
I got some roses and a love letter  
That says I adore you  
And it says:  
Will you be my valentine's girl?  
Valentine's girl  
Will you be? Will you be x5 My valentine's girl
