

Fly Away

Los Lonely Boys

Fly Away - Los Lonely Boys
Fly Away
That's what I want to do
With you
Higher and higher
I said further and further
That's what I want to do
With you
Time and fate are on our side
Now it's up to me and you
Across the ocean
I said over the mountain
That's what I want to do
With you
Cause time and fate are on our side
Now it's up to me and you
Well baby take my hand
and you and me can fly away
We can touch the stars
Dance across the sky
in love, love oh yeah
Closer and closer
I said stronger and stronger
That's what I want to be
Baby you and me yeah
Time and fate are on our side
Now it's up to me and you
With love and faith inside your heart
There ain't nothing you can't do
