

The Eternal Kansas City

Van Morrison

Excuse me, do you know the way to Kansas city?
Excuse me, do you know the way to Kansas city?
Excuse me, do you know the way to Kansas city?
Excuse me, do you know the way to Kansas city?
(Do you know the way to Kansas city?)Excuse me, do you know the way to Kansas city?
(Do you know the way to Kansas city?)
Excuse me, do you know the way to Kansas city?
(Do you know the way to Kansas city?)Excuse me, do you know the way to Kansas city?
(Do you know the way to Kansas city?)
Excuse me, do you know the way to Kansas city?
(Do you know the way to Kansas city?)Excuse me, do you know the way to Kansas city?
Excuse me, do you know the way to Kansas city?
Excuse me, do you know the way to Kansas city?
Excuse me, do you know the way to Kansas city?Train down to St. Louis
Get me there alright
Over to the city there, you know that one
Where the farmers daughter digs the farmers sonDig your Charlie Parker
Basie and Young
Witherspoon and Jay McShann
They will come
Ooh, woo, wooExcuse me, do you know the way to Kansas city?
Excuse me, do you know the way to Kansas city?
Excuse me, do you know the way to Kansas city?
Excuse me, do you know the way to Kansas city?Lady liberty in waiting
You know, she lights the way
Her name is Billie, she's a holiday
And the city is eternal, hey, can't you see?
It's inside of you and it's inside of me
Ooh, woo, wooYou know, you know the way to Kansas city?
You know, you know the way to Kansas city?
You know, you know the way to Kansas city?
You know, you know the way to Kansas city?You know the way to Kansas city
You know the way to Kansas city
Wild thingYou know the way to Kansas city
Thank you man
You know the way to Kansas city
Sing it
You know the way to Kansas city
Hit itYou know the way to Kansas city

You know the way to Kansas city
You know the way to Kansas city
You know the way to Kansas city
Baby, can't you sing it one time? You know the way to Kansas city
You know the way to Kansas city
You know the way to Kansas city
You know the way to Kansas city You know the way to Kansas city
You know the way to Kansas city
You know the way to Kansas city
You know the way to Kansas city
