## Babyshambles

It's rough, it's wicked and rough  
It's hard, Pentonville rough  
It's tough, it's wicked and rough  
It's hard, Pentonville rough Now, in Pentonville there's all type of nation  
Russian, Columbian and Jamaican  
Latvian, Croatian and a Polish man  
Indian, Chinaman down from Vietnam And from the Caribbean an Jamaican  
Poorly paid people formed the Irish gang  
And the Scottish and the Englishman They're rough, Pentonville tough  
It's hard, wicked and rough  
Yeah, rough, Pentonville tough  
It's hard, wicked and rough now Everyday, it's the same  
People can't get better  
No they can't get tamed  
And black up the heads of the sick and the lame Some men jump out of their brains  
'Cause they can't take the pressure  
Or the shame or the pain  
When they see the life, it go down the drain  
In Pentonville it's a different ball game It's rough, Pentonville tough  
It's hard, wicked and rough  
Yeah, rough, Pentonville tough  
It's hard, wicked and rough now Lying on my lumpy mattress  
Lying on my back  
Staring up at the ceiling  
Counting all the cracks And what's happening behind me  
Look over my shoulder back  
Bill Cole got my breakfast pack  
He won't give it back, ooh It's rough, Pentonville tough  
It's hard, wicked and rough  
Yeah, rough, Pentonville tough  
It's hard, wicked and rough now Everyday, it's the same  
People can't get better  
No they can't get tamed  
And black up the heads of the sick and the lame Some men jump out of their brains  
'Cause they can't take the pressure  
Or the shame or the pain  
When they see the life, it go down the drain  
In Pentonville, it's a different ball game So, A wing, B wing, C wing and G Wing  
Come, help us sing

A wing, B wing, C wing and G Wing  
Come, help us sing Because it's rough, Pentonville tough  
It's hard, wicked and rough  
Yeah, tough, Pentonville rough  
It's hard, wicked and rough
