This Could Be the Year

Star, Ryan

This could be the year
This could be the moment
You've been waiting your whole life to show
The world the cards you're holding now
It's one life, one dream, one spark
It's one chance, one move, one shot
It's on you, be cool, be real
This could be the year
This could be the moment
You've been waiting your whole life to show
The world the cards you're holding
It's one life, one wish, one fire
It's one choice, one voice, sing it higher
This could be the year
This could be the moment
You've been waiting your whole life to show
The world that you are ready
Hold your head up high and touch the sky
'Cause you know this is everything, everything
Take your shot, it's all you've gotta be
This could be the year
This could be moment
This could be the year, I know it
This could be the year
This could be the moment
This could be the year, I know it
