

# Just Another Whistle Stop

## The Band

To all concerned dead or alive  
The locomotive will arrive  
Bringin' souls from all around  
They'll be bound for higher ground  
Look out, stranger, it's comin' through  
With plenty of room for me and you

And it's just another whistle stop  
If you don't quit till we reach the top  
I'd be much obliged to you

Odd man out  
You know that's the rule  
You can scream and you can shout  
But they'll only call you a crazy fool  
Pay no mind to what they say  
When they're 'bitter they talk that way

I seen a young boy on the run  
And I seen other children havin' fun  
A police siren flashing light  
I wonder who went down tonight  
People, people, where do you go  
Before you believe in what you know?

It's just another whistle stop  
If you don't quit till we reach the top  
I'd be much obliged to you

When the trolley is clean out of reach  
A certain lesson it will teach  
To grind your axe until it's dull  
You've got to get it in your skull  
Tell the people all across the sea  
Don't turn your back because it's free

It's just another whistle stop  
If you don't quit till we reach the top  
I'd, I'd be much obliged to you

And it's odd man out  
You know that's the rule  
You can scream and you can shout  
But they'll only call you a crazy fool  
Pay no mind to what you read  
There's one way home that's guaranteed
