We're All Going to Die

For All Those Sleeping

If you feel the pressure build up like me
Scream! Scream!
It's everything that you want it's everything that you need
Come on and let it out!
All you animals just like me
Scream! Scream!
Be whatever you want, be whatever you need
Come on and let it out!Go on!
Keep talking shit
Like it'll change how I live
I'll keep on doing me
And you keep wishing that you did
So if I'm too loud, and you've had enough
I'll turn it up, it's like a drug becauseI get high
When the world say I'm wasting my life losing control
Yeah, what do they know?
I get high
With the bass cranked up everything's alright
I live to feel alive
Because we're all gonna die!I'm just trying to make the most of the little time
We're given, so why would that matter to you?
Stop complaining and start living!
I'm not gonna lose sleep over what you may think
And I suggests you so the same, cause no one's listening!You're
A closed mind with an open mouth
Need a new topic
Well let me give you one to talk aboutI get high
When the world say I'm wasting my life losing control
Yeah, what do they know?
I get high
With the bass cranked up everything's alright
I live to feel alive
Because we're all gonna die!We're the future, get used to it
Pick the pace up!
Yeah, yeah!We're all gonna die, that's whyI get high
When the world say I'm wasting my life losing control (Fuck it!)
Yeah, what do they know?
I get high
With the bass cranked up everything's alright

I live to feel alive
Because we're all going to die!If you feel the pressure build up like me
Scream! Scream!
It's everything that you want it's everything that you need
Come on and let it out!
All you animals just like me
Scream! Scream!
Be whatever you want, be whatever you need
Come on and let it out!
