Glow In the Dark

Carishma

I made a wish and now I know where you are boy
(Whoa oh oh oh whoa oh oh oh)
I think I found it you're my lucky star boy
(Whoa oh oh oh whoa oh oh oh)
It's not the kind of feeling that you fight boy
(Whoa oh oh oh whoa oh oh oh)
Cause I can see you in the darkest night boy
(Whoa oh oh oh whoa oh oh oh)
In your atmosphere
It's all so clear
Lets get out of here
To a private affair
It's truth or dare
And I'm not scared
We're almost there
We've got something to share
Turn the lights off I feel a spark
Can you make it glow in the dark
Cause I wanna glow in the dark ay ay ay
Turn the lights off it's about to start
Can you make it glow in the dark
Cause I wanna glow in the dark ay ay ay
Oh ohh ohhh
(Glow in the dark
Glow in the dark
Ay ay ay)
Oh ohh ohhh
(Glow in the dark
Glow in the dark
Ay ay ay)
I see your heart cause it's illuminating
(Whoa oh oh oh)
Yeah
(Whoa oh oh oh)
I feel your love because it's radiating
(Whoa oh oh oh)
Yeah
(Whoa oh oh oh)
I feel your heart because the light is streaming

(Whoa oh oh oh)
Yeah
(Whoa oh oh oh)
Cut through the night just like a laser beaming
(Whoa oh oh oh)
Yeah
(Whoa oh oh oh)In your atmosphere
It's all so clear
Lets get out of here
To a private affair
It's truth or dare
And I'm not scared
We're almost there
We've got something to share
Turn the lights off I feel a spark
Can you make it glow in the dark
Cause I wanna glow in the dark ay ay ay
Turn the lights off it's about to start
Can you make it glow in the dark
Cause I wanna glow in the dark ay ay ay
Oh ohh ohhh
(Glow in the dark
Glow in the dark
Ay ay ay)
Oh ohh ohhh
(Glow in the dark
Glow in the dark
Ay ay ay)Now we're both breathing in the silence
Now we're both glistening like diamondsI wanna glow in the dark!Turn the lights off I feel a spark
Can you make it glow in the dark
Cause I wanna glow in the dark ay ay ay
Turn the lights off it's about to start
Can you make it glow in the dark
Cause I wanna glow in the dark ay ay ay
Oh ohh ohhh
(Glow in the dark
Glow in the dark
Ay ay ay)
Oh ohh ohhh
(Glow in the dark
Glow in the dark
Ay ay ay)
