

Heartbreaker

The Walkmen

I have no business, asking you the words
I know the reason, you exaggerate
I know the answers, to all your demands
I have no secrets I'm not your heartbreaker
Some tender ballad playin
I'm not your heartbreaker These are the good years
Ahh, the best we'll ever know
These golden light-years I'm not your heartbreaker
Some tender ballad playin
I'm not your heartbreaker You know I'm hopeless
Oh no, no you're wrong
It's not the singer
It's the song You know I'm helpless
Oh no, no you're wrong
It's not the singer
It's the song On the short days
Like the Chinese stars
Let's dance in our uniforms These are the good years
Ahh, the best we'll ever know
These golden light-years I'm not your heartbreaker
Some tender ballad playin
I'm not your heartbreaker I'm not your heartbreaker
Some tender ballad playin
I'm not your heartbreaker
I'm not your heartbreaker
