

# Turn Up The Radio (Re-Recorded / Remastered)

## Autograph

Turn it up!  
Yeah!  
I'm working hard, you're working too  
We do it every day  
For every minute I have to work  
I need a minute of play  
Day in day out all week long  
Things go better with rock  
The only time I turn it down  
Is when I'm sleepin' it off Turn up the radio  
I need the music, gimmie some more  
Turn up the radio  
I want to feel it got to gimmie some more Now listen!  
I want to shake, I want to dance  
So count it off a'one two three  
I feel the beat, I'm in a trance  
No better place to be  
Daytime nighttime, anytime  
Things go better with rock  
I'm goin' twenty four hours a day  
I can't seem to stop Turn up the radio  
I need the music, gimmie some more  
Turn up the radio  
I want to feel it got to gimmie some more  
Turn up the radio  
I want to feel it got to gimmie some more
