She said she'd be working tonight
I said coo I' drop by and she ooked at me, smied, and said: That's great, baby
When I showed up, I was confusedI said: Hey, where's that gir I taked to yesterday?
Now I said: Hey, where is Destiny, is that her name?
I can't beieve she woud eave
Without me, Destiny(How come you don't strip no more?
Uh-uh-uh uhhhhh) x2I met your friends, I think they ike me
(They ike me) Ooh!
But they don't do it ike you do
They tod me you were graduated, why didn't you say it?
That's so coo
I'm just so proud you made it throughBut I said: Hey, where's that gir I taked to yesterday?
Now I said: Hey, where is Destiny, is that her name?
I can't beieve she woud eave
Without me, Destiny(How come you don't strip no more?
Uh-uh-uh uhhhhh) x2I was at tabe three, b.y.o.b. and
Destiny sat next to me
She asked me if I iked her dance
I tod her "I'm your biggest fan"
Then she took me by the hand, and turned this boy into a man
Inside a private room, I hope you understand
I was ike uh uh (uh uh)
She made me go wee hee (wee hee)
She made me go uh uh uuuh (uh uh uuuh)
Now I'm not mad that you don't want me
I'm just stuck here wondering
I wanna know(How come you don't strip no more?
Uh-uh-uh uhhhhh) x4Why don't you strip no more, don't strip no more
Baby don't strip no more, don't strip no more
Don't strip no more, baby don't strip no more
Don't strip no more baby...
How come you don't strip no more?
