

# Burn in Hell

## Reverend Bizarre

You're a man with thousand faces  
Every day another mask  
You creep within dark places  
Implementing a dreadful task  
You act like a man of mission  
But to whom do you believe?  
Don't you talk to me about Jesus  
'Cause every word is blasphemy  
Absorbed in your own mind  
This is how you wish to be  
Thinking you are one of a kind  
An apostle of all misery  
You speak in mystic language  
Utterly with no meaning  
Those who follow you  
I guess they must be dreaming  
Let them crawl at your feet  
You're a king on your Throne of Greed  
Just turn your back  
To the One who wept  
Don't even think about  
The promises unkept  
I hope you'll burn in Hell  
Because you're an evil man  
Your heart belongs to the Devil  
When will you understand?  
You bastard
