

# Sunburn

## Muse

Come waste your millions here, secretly she sneers  
Another corporate show, a guilty conscience grows I'll feel a guilty conscience grow  
And I'll feel a guilty conscience grow She burns like the sun I can't look away  
She'll burn our horizons, make no mistake Come let the truth be shared, no one ever dared  
To break these endless lies, secretly she cries She burns like the sun, and I can't look away  
She'll burn our horizons, make no mistake I'll hide from the world behind a broken frame  
And I'll burn forever, I can't face the shame  
I'll hide from the world behind a broken frame  
And I'll burn forever, I can't face the shame
