

Whatcha Reckon

Josh Turner

Ever since you caught my eye I cant get you off my mind
Girl, the way you move is driving me crazy
I dont mean to come on strong but I dont wanna wait too long
All I wanna do is make you my babyWhatcha reckon me take off early today?
Go and take a little ride in my Chevrolet
That a road we aint been down before
See where it goesWhatcha reckon we lay it all on the line?
Take a chance and say whats on our mind
Girl, wont you let me hold you tight?
Whatcha reckon we fall in love tonight?Thought you was good for my heart and I knew it right from the start
Ive never felt a feeling like this before
Aint no sin in taking it slow, we can take our time when we get old
We can start right now with you and me walking out the doorWhatcha reckon me take off early today?
Go and take a little ride in my Chevrolet
That a road we aint been down before
See where it goesWhatcha reckon we lay it all on the line?
Take a chance and say whats on our mind
Girl, wont you let me hold you tight?
Whatcha reckon we fall in love tonight?Hey whatcha reckon we lay it all on the line?
Take a chance and say whats on our mind
Girl, wont you let me hold you tight?
Whatcha reckon we fall in love tonight?Girl, wont you let me hold you tight?
Whatcha reckon we fall in love tonight?
