Experience The Jewel

Wintersleep

What would you do?
What would you do,
If desperation called for you?
What would you do?A big black cloud of smoke
You can't crimp it by the jackal throat
You can't sing it like a song you wrote
It's bigger than youCall you up at 3am
You think you really got it bad?
You think you really do, do you?
You think you really do?It's bigger than you
It's bigger than you
If you ever make it through
What would you do?Experience the jewel
Experience the jewel, my friend
A preconditioned argument
Nobody's winning it
You gasp it like a dying breath
Black petal from a wet black sand
How you gonna nurture it?
How you gonna feed it?It's bigger than you
It's bigger than you
If you ever make it through
What would you do?It's bigger than you
It's bigger than you
If you ever make it through
What would you do?
