

Million Years (Ft Asia Whiteacre)

[Gareth Emery](#)

I can see my way through the dark
You hide the night from me
As long as I can see the light in your eyes
There's nowhere I rather be We walked all night through the shadows of light
And I can't reach your heart in my hands
Can't reach your heart in my hands
You promised me that we would never grow old
That was a lifetime ago before I knew how to go
Before I knew how to go I go anywhere for you
I'll cross the sky for you
Wish I could fly to you
I live until the end
Till I see you again
I'm gonna remember you For a million years
Always forever I can feel you, you're here next to me
I'll keep you safe and sound
As long as you can hear the beat in my chest
I'll never let you down We walked all night through the shadows of light
And I can't reach your heart in my hands
Can't reach your heart in my hands
I want to keep you safe forever that way
Before your heart had to go
Before you had to go
Before I knew how to go I go anywhere for you
I'll cross the sky for you
Wish I could fly to you
I live until the end
Till I see you again
I'm gonna remember you For a million years
Always forever
Always forever
