

Let It Rain

Naturally 7

(Rain, rain - Rain, rain)
Drip, drop, I need just one good cry,
So let it rain, don't stop, cause if it don't I die. (x2) So how can you forgive me
After all the things I've done.
How can you still talk with me
Like we've only just begun
I'm thinking bout' the days I let you down,
I could of made you smile, so many time I fooled around.
What kind of man am I
I ain't supposeto cry
Chorus Let it rain, let it rain, let it rain, let it rain from me
(On and on and on)
Let it rain, let it rain, let it rain, like it's suppose to be. (I wasn't right, I did you wrong)
Let it rain, Let it rain, Let it rain, let it rain from my eyes. (Cause if it don't I'm gonna die)
Let it rain, Let it rain, let it rain, until this rain becomes a good cry (Good cry)
It is one thing to stumble,
It's another thing to fall.
I fall so much I wonder,
Why you deal with me at all.
I'm way behind but then you wait for me
I show my love for you sometimes, but it's not faithfully.
I'm so unworthy,
I'll be crying in my sleep, tossing turning in your deep... love. Chorus
