

# Colors

Stella Jang

What's your color?  
I wanna know  
What's your color? I wanna know  
What's your color?  
I wanna know  
I wanna know  
I wanna know  
I wanna know I could be red  
Or I could be yellow  
I could be blue  
Or I could be purple  
I could be green  
Or pink or black or white  
I could be every color you like  
I could be red  
Or I could be yellow  
I could be blue  
Or I could be purple  
I could be green  
Or pink or black or white  
I could be every color you like I could be red  
Or I could be yellow  
I could be blue  
Or I could be purple  
I could be green  
Or pink or black or white  
I could be every color you like  
What's your color?  
I wanna know  
What's your color?  
I wanna know  
What's your color?  
I wanna know  
I wanna know  
I wanna know  
I wanna know I could be red  
Or I could be yellow  
I could be blue  
Or I could be purple

I could be green  
Or pink or black or white  
I could be every color you like I could be red  
Or I could be yellow  
I could be blue  
Or I could be purple  
I could be green  
Or pink or black or white  
I could be every color you like I could be red  
Or I could be yellow  
I could be blue  
Or I could be purple  
I could be green  
Or pink or black or white  
I could be every color you like
