

Vanilla (Ben Gold Remix) [feat. Tania Zygar]

[tyDi](#)

Please, just stop what you're doing to me
Your eyes will speak, but you just don't see
 Your SMS has gotten me messed
I feel like your words mean nothing at all
I feel like your words mean nothing at all
 Your eyes will linger, but still I will fall
Please, just stop what you're doing to me
Your eyes will speak but you just don't see
What am I supposed to do when all I can think of is you?
The broken parts I'll give for dreams to stay with you
 Someone who can't make it right
Colors lost in the summer's night
 It's someone won't listen to
Everything that's inside of you
 That's so vanilla
 That's so vanilla
 That's so vanilla
Someone who can't make it right
Colors lost in the summer's night
 It's someone won't listen to
Everything that's inside of you
 That's so vanilla
