Move My Way

The Vamps

I wake to find you're already up now
Pull back the curtain, smell the sweet refreshment
Of a brand new day

All out of bed at 11:15
Took in the perfect serenity you give me
Every day

The telephone rings out
Oh but you've no worry, you say forget the world
And listen now

So do do do you, do do do you wanna
You wanna move my way
And maybe I don't wanna change

So should should should I, should I should I wanna
I wanna feel this way
So tell me why can't
We just stay the same

Now I'm head over heels and breaking my back
Reaching for once last chance
To take you away with one last dance
I promise, tonight's your dream

Now I don't know the words, I don't know the place
But I'm sure for every moment I'll make it yours
Cause you're the only one I know
Who's feeling this way

The telephone rings out
Now but you've no worry, you say forget the world
Oh, and listen now

So do do do you, do do do you wanna
You wanna move my way
And maybe I don't wanna change

So should should should I, should I should I wanna

I wanna feel this way
So tell me why can't
We just stay the same

So do do do do, do do do you wanna
Wanna move my way?
And maybe I don't wanna change
No

So should should should I, should I should I wanna
I wanna feel this way
So tell me why can't
We just stay the same

So do do do do, do do do you wanna
You wanna move my way
And maybe I don't wanna change

So should should should I, should I should I wanna
I wanna feel this way
So tell me why can't
We just stay the same
