

Fall Away

Dive

Control is taking over me
I feel it more with every breath
Escaping this is harder than it seems
I feel the tearing of my heart
Can you feel anything at all? I want you to remember all my flaws
And how you never catch me when I fall
When i fall Fall away and wait for the day that I'm good enough for you, for you
Fall away, I'll be gone the day that I'm good enough
Good enough for you
For you I dream of hope she dreams of hate
There is no heart that she can't break
You're wrapped around her little finger
You feel it running through your veins
Obsession driving you insane I want you to remember all my flaws
And how you never catch me when I fall
When i fall Fall away and wait for the day that I'm good enough for you, for you
Fall away, I'll be gone the day that I'm good enough
Good enough for you
For you There's nothing left to say
I'm moving forward
Going day by day
I'm getting stronger
Nothing left to say
I'm moving forward
Going day by day Fall away and wait for the day that I'm good enough for you, for you
Fall away, I'll be gone the day that I'm good enough
Good enough for you Fall away and wait for the day that I'm good enough for you, for you
Fall away, I'll be gone the day that I'm good enough
Good enough for you
For you
