

# Hellfire Satanist

## Heretic

Hellfire in our Eyes  
Born with black Blood  
sick, perverted Mind  
The Soul of a God

Hellfire Satanist  
choosen as his Son  
No longer Human  
We stand above all

I am a Satanist  
Born with black Blood  
sick, perverted Mind  
The Soul of a God

And here we stand, the Black Metal Gods  
Blackened Hearts filled with Wrath  
We are possessed by the Demonlord  
Hell is what we are

Hellfire in our Eyes  
Born with black Blood  
sick perverted Mind  
the Soul of a God

Hellfire Satanist  
choosen as his Son  
no longer Human  
we stand above all

I am a Satanist  
born with black Blood  
sick, perverted Mind  
the Soul of a God

Great thunder of my Bass  
Crushes every mortal Form  
And the Demon Strings are like  
Razorblades on your Throat

Blasting drums full of Blasphemy  
Bring Power to our Sound  
Through this evil music full of hate  
we give the Devil praise
