

# Black Lace Shoulder

## Metro

Iâ€™m not tired, Iâ€™m not sleeping  
Iâ€™m not thinking  
Uninspired Iâ€™m just wasted on your love  
Iâ€™m sliding with the rain  
across your window  
As I hide in the sheets  
like a phantom on the run

Flesh to flesh and Iâ€™m rising  
Flesh to flesh and Iâ€™m rising  
«Donâ€™t talk, only touch» you said  
«Donâ€™t watch me too much» you said

I hear my silence  
as it weeps before my eyes  
on your black lace shoulder

Did you whisper? Are you waiting?  
Do you know me?  
Unimagined in your unawakened love  
Iâ€™m empty like a vision in your valleys  
Iâ€™m lost in the wind  
and I long to come to rest

Face to face without feeling  
Face to face what youâ€™re stealing  
«Donâ€™t give me your heart» you said  
«Weâ€™re much too apart» you said  
But I hear my silence  
as it weeps before my eyes  
on your black lace shoulder

Itâ€™s not over Itâ€™s not clearer  
Itâ€™s not daylight  
Unenlightened by your superstitious love  
Iâ€™m falling from this fantasy of feeling  
Iâ€™m lost in the night  
and the rain wonâ€™t lead me home

Flesh to flesh and Iâ€™m sinking

Flesh to flesh without thinking  
« Don't think that I'm cold » you said  
« My love will unfold » you said  
But I hear my silence  
as it weeps before my eyes  
on your black lace shoulder
