

Corrupted

Sepultura

Your right, your will
To vote, to kill
Your world is ill
Solutions to our crimes Don't make me feel like shit
Insult my mind, attack my life
Don't ever try to fuck with me
Corrupt my mind, control what's mine War news, war secrets
War lies, war motives
War reasons, war crimes
War heroes of our time Corrupted, insulted
Corrupted, insulted Don't make me feel like shit
Insult my mind, attack my life
Don't ever try to fuck with me
Corrupt my mind, control what's mine Corrupted, insulted
Corrupted, insulted Your right, your will
To vote, to kill
Your world is ill
Solutions to our crimes Don't make me feel like shit
Insult my mind, attack my life
Don't ever try to fuck with me
Corrupt my mind, control what's mine
