

# Under The Stars

## John Legend

[Intro][Chorus]

Here we are, under the stars

Here we are, under the stars

Heaven is not so far

Heaven is not so far

Heaven is not so far

Under the stars[Verse 1]

We'll find a love to hold our hand through the cold

We'll find an angel lying out in the snow

We'll see a light to lead us all the way home and

Wherever we go, we will know[Chorus]

Here we are, under the stars

Here we are, under the stars

Heaven is not so far

Heaven is not so far

Heaven is not so far

Under the stars[Verse 2]

Let's raise a toast to all the good days to come

Let's celebrate the season, come everyone

Let's save a kiss for us when the night is done

Oh my love, I'll keep you warm[Chorus]

Here we are, under the stars

Here we are, under the stars

Heaven is not so far

Heaven is not so far

Heaven is not so far

Under the stars[Bridge]

All the lost and lonely

All the lovers holding on

All of us, no matter what we've done

We are not alone although we're far apart

We are one, under the stars[Chorus]

Here we are, under the stars

Here we are, under the stars

Heaven is not so far

Heaven is not so far

Heaven is not so far

Under the stars
