

Warmth

Janet Jackson

In my mouth
My hands wrapped around, strokin', up and down
(Is all this for me?)
But nothing can compare to the warmth of my mouth
(Thank you)
I love every sound you make when I'm down
(It's so big)
Nothing can prepare you for the warmth of my
(Can I taste it?)Mouth against your mouth, getting you aroused
Whisper in your ear, I think I'll take it further south
Kissin' on your neck, rubbin' on your leg
Slide a little further up, I feel you get erect
And now we're flesh against flesh
Breathin' on your chest, so anxious to touch it
Ooh, my mouth is getting wet
Just like the water from the shore, let your rain pour
Baby brace yourself for the warmth of my mouthMy hands wrapped around, strokin', up and down
(Let's see how long you can last inside)
(I know you like it)
But nothing can compare to the warmth of my mouth
(No)
I love, every sound, you make when I'm down
(Oh yeah)
(Just let the water splash about)
(I know you like it)
Nothing can prepare you for the warmth of my mouth
There's no place, warmer than my mouthStart off slow, circles
(Okay, we're just gonna start off slow)
Then deeper and deep it goes
(Oh yeah, you like that, here I go)
Kisses so sensual, tasteful
(It taste so good to me)
I love givin' you a show
(Wait, not yet)
